Last week we were baking brownies, it was so yummy! They were so sweet that we eat them all at once! Hope we will bake again sometimes.

Brownie Baking

If you are searching for the perfect Brownie recipe, you found it!

These Brownies NEED SOME TIME To BE GOOD: they need to be soft, chewy and thick.

You don't need very many things to make them. So everyone can make delicious brownies.

I like baking because when you have finished, it's really nice when you see what you have done.

So, just a week ago we made brownies and pancakes. I had a few problems with my team. None the less, it was awesome! The food was *great!*

The best Brownies in the world!

You are hungry and you don't know what to eat? We have the solution! BROWNIES! In school we had a day where we baked brownies and the brownies were very tasty! The best brownies we have ever eaten. Our English teacher looked for a recipe and our class baked it. The brownies were soft, sweet and simply fantastic! It was the best English lesson ever! We love brownies; but these brownies exceeded all other brownies!

Baking Session

Brownies are very tasty, but the brownies we made were much too sweet. First, we prepared the ingredients before we mixed them together. After we melted the chocolate, we mixed all ingredients.

Generally, it didn't taste good because there was a lot of sugar in the brownies, and if I say a lot, I mean way too much!

Extra Fluffy Pancakes:

Our Pancakes

When you love pancakes and you are after a delicious breakfast, then you have to taste the extra fluffy pancakes. Those beautiful pancakes taste so good, they're so fluffy, soft and actually a bit thick. If you wanna make it really good, you have to pour over some chocolate sauce and maybe put some strawberries on top. That makes it even better. Which pancake is for me the best pancake

It needs to be fluffy

Not too thick not too thin

It has to be golden brown from the outside

It was good, the pancakes tasted very good and they were fluffy. When we made the pancake batter some flour went out of the bowl. After we finished the pancakes they looked really golden brown and they fluffed up in the pan.

Our favourite Brownies

Do you like chocolate?!

Then we have the right recipe for you ;-)

Today we baked very tasty **BROWNIES!**

They are fluffy and with a lot of chocolate.

We need 15 minutes to prepare the dough. After that it has to bake 30 minutes. Then you have finished and you can eat it. In our opinion, it's tastier to eat the brownies warm, because then the chocolate is liquid.

If you also want to bake it, you can find a similar recipe on this site:

Baking American dishes...

Since our topic is currently America, we have decided to bake American dishes. Because we did not have that much time we had to decide for 2 things. WE chose brownies and pancakes because you can bake them very fast and with few ingredients. I think it is a very good idea to bake America dishes to get a better insight into American culture.

We went into the kitchen and everyone had one task, for example a little group made the dough for the brownies and another group prepared the hot cherries.

When we had finished, we ate it and it was very delicious in my opinion and we think we should do that it again.

EXTRA FLUFFY PANCAKES

It needs to be **SOFT**

It needs to be **FLUFFY**

It needs to be **THICK**

It's very *easy* to make... & **DELICIOUS !!!**

You need just a few ingredients and not that much time, just 20 minutes.

The pancake batter was very easy to make but it was a little bit difficult to get the perfect shape.

We had a lot of FUN doing them !

PS: Try them with your favorite fruits and some syrup ;)

Lya and Kira

On Tuesday, we baked some very tasty extra fluffy pancakes. The several ingredients were an egg, brown sugar, sugar, flour, milk etc. First, we mixed all ingredients together.

From liquid to thick liquid

Then we fried them.

That was the result

Pancakes

You are looking for the best pancake recipe you can find? You found it!

These pancakes are very fluffy, soft and tasty. This is just how they should be. The batter is very easy to make and you can eat them with everything you like, for example with blueberries and syrup! This is the perfect pancake!

Our American baking session

Hey Guys,

Yesterday we baked extra fluffy pancakes in school!

So if you like American desserts we've got the perfect recipe for you! It takes only **half an hour** to do and you can choose your **own favorite topping!**

It was very easy, we only had to heat oil in a frying pan. When the oil was hot enough, we put one tablespoon of batter into the pan. If it's a bit brown on the one side and if there are some bubbles, you have to flip the pancake around. First it was a little bit difficult for us to flip at the right moment but after some tries, we found the right moment!

The pancakes looked very nice, so we added some Fruits and

It was very tasty and every one of our class liked it!

Baking an American dessert

On Tuesday, we baked at school. That was so funny. We had two recipes to choose from. Brownies or Pancakes...and we chose the extra fluffy pancakes. It was a good idea. And it was so, so easy! You just have to do the batter und put it in a frying pan with oil.

Here you can see our ingredients

and the result

In the end you can choose a topping. We took blueberries, hot cherries and applesauce. Of course you can take others too. For example Nutella or strawberries! Everything tasted very delicious.
